AP Calculus	409	Dr. Doriney By appointment	By appointment
Honors Calculus	406	Mrs. Bonanni W & F 7:45 – 8: 15	

Hints if you're struggling in your math class:

- 1) Ask more questions during class.
- 2) Take good notes – write down **everything** your teacher writes on the board.
- 3) Do **all** your homework.
- 4) Form a Study Group with other students in your math course – they don't have to be in your same period.
- 5) See your teacher before or after school for extra help.
- 6) See other math teachers on the list above outside of class for extra help.
- 7) Take advantage of online resources for your textbook.
- 8) Don't wait until the morning of a test or quiz to start getting help

If **all the above isn't enough, consider hiring a math tutor to address specific weaknesses.*
